Congrats! You have completed the Crime Scene Management VR training and testing simulation. Please find below information relevant to the crime scene, the evidence you collected, and the forensic results of your session:

SCENARIO (7)

DISPATCH CALL:

Attention Officer, we have reports of a deceased victim at Cliffy's diner, witness reported finding the body upon arrival at work this morning. Please enter the diner to investigate the crime scene.

WITNESS STATEMENT

"I showed up this morning for work and my manager was lying on the floor in a pool of blood. It looks like he was stabbed. The door leading into the dining room was left open, we always lock that door at the end of the night."

EVIDENCE COLLECTED

Evidence	Tag Info	Location Info	Forensic Info
Front Door, Interior	Front door to Cliffy's Diner, no visible damage or tampering.	Located at the front of the diner, opposite of the cash register.	The fingerprints match those of unknown suspect A. There was not any blood on this object. There was not any hair on this object. The object was left at the scene due to being impossible to bag.
Jukebox	A musical jukebox that is a favourite among regular customers.	Located underneath the security camera, in the corner of the main dining room.	The fingerprints are unknown. There was not any blood on this object. There was not any hair on this object. The object was left at the scene due to being impossible to bag.
Back Door	The back door to Cliffy's Diner, which leads to the kitchen.	Exterior door located at the back of the diner, near the manager's office.	The fingerprints match those of an employee. There was not any blood on this object. There was not any hair on this object. The object was left at the scene due to being impossible to bag.
Safe	Cliffy's Diner's main storage location for money. The door was not visibly damaged, nor tampered with.	The safe is located in the corner of the managers room.	The fingerprints match those of an employee. There was not any blood on this object. There was not any hair on this object. The object was left at the scene due to being impossible to bag.
